ABOUT ME

Highly experienced in remote desktop support for nearly a decade, I have successfully made a career transition to become a Full-Stack Web Developer. Equipped with the latest industry knowledge and techniques, I recently completed an online coding bootcamp with Zuiitt. With a strong foundation in technical support and newfound expertise in web development, I am eager to contribute my skills and creativity to create impactful web projects.

TECHNICAL SKILLS

- Front-End Skills: **HTML**, **CSS**, **Bootstrap**, **JavaScript**, and **React.js**.
- Back-End Skills: **MongoDB**, **Express.js**, and **Node.js**.
- Integrated a front-end application with a **RESTful API**.
- Developed a web application using the **MERN Tech Stack**.
- Deployed web applications using **AWS (EC2 and S3)** for infrastructure management.
- Version control using **Git (GitLab and GitHub)**.
- Package management with **npm (Node Package Manager)**.
- API testing and management using **Postman** and **Thunder Client**.
- MongoDB database administration using **MongoDB Compass**.
- Utilized **JSON Web Token (JWT)** for secure authentication and authorization.
- Used **Sublime** and **Visual Studio Code** for coding and text editing.
